

## Playing in the Pandemic

### Roys Point Marina Rules – Summer 2020

Out of an abundance of caution and concern for our staff and fellow boaters:

- The lounge will be closed until further notice;
- Bar-b-ques may be used by one 'family' at a time. Please respect the need for others to use the same equipment;
- The deck is open with the caveats below;
- The workroom will be open for projects but one person at a time please;
- Bathrooms and showers will be open but one occupant at a time; and
- Disinfect showers after use with the sanitizer provided.

While the majority of the marina and beach is open, please:

- Maintain social distance of 6' or more;
- Wear masks, whenever possible, if you are off your boat;
- Engage in minimal interactions with staff and maintain social distance when fueling; and
- Enjoy – the lake is open, even if the docks are closed.

Thanks! With your help we will all stay well and enjoy this challenging boating season.
